2. [REDACTED] indicated that insofar as he could determine on the basis of my explanation, DD/P would have no objection to the procedure. [REDACTED] added that he regarded such a procedure as sound, although he asks that he be contacted by the ExO/P if the latter is aware of possible complications in the application of the procedure to DD/P cases.

3. Is there any further action you wish me to take in this connection, or may I regard the assignment as complete at this stage?
